THANK-A-THON - Student Volunteers Needed!!

The Department of Development and Alumni Relations is running a thank-a-thon on **Tuesday, December 2, 2014** from 5:30-9:00 PM and we need YOUR help! The day after Cyber Monday, is now labeled as Giving Tuesday. What is Giving Tuesday? #GivingTuesday was started in 2012 in an effort to help people focus on giving back by creating a holiday to rival Black Friday or Cyber Monday. Since 2012 it has grown into a global movement. In honor of this day, we are calling PTRS donors to THANK them for their continued financial support.

Dinner and refreshments will be provided for all volunteers. Plus, there will be FUN prizes for all callers! We need to fill our phones: **12-15 callers are needed** for a successful campaign. Space is limited, so sign up early!

Here's the Deal: We need current students to call PTRS donors (many of them our own alumni) to thank them for their recent support and tell them how much we appreciate their gift to PTRS. It is also important for us to get updated contact information and perhaps career updates too! Training will be provided.

Where: The Saratoga Building, 2nd floor (620 W. Lexington) Located near the Lexington Parking Garage. Walk over together or use police escort!

When: Tuesday, December 2, 2014 at 5:30 PM. Please arrive on time.

Sign-Up: Please contact Nikki Frank at jessica.frank@som.umaryland.edu

THANK YOU in advance for volunteering your time.

APTA of Maryland

The Maryland Chapter of the American Physical Therapy Association held their Fall Chapter Meeting in Linthicum, Maryland on November 8-9, 2014. **Dr. Roy Film** and **Dr. Laurie Neely** taught a continuing education course at the conference entitled, "Functional Outcome Measures for the PTA". Poster presentations included:

"Community reintegration of clients with neurological disorders post discharge from the Kachere Rehabilitation Centre, Malawi"

Leslie Glickman PT, PhD, Laurie Neely PT, DPT, Megan Warres SPT Class of 2015

"Grinch Syndrome: A care report on the rehabilitation of a 30 year-old female with postural orthostatic tachycardia syndrome"
