Preparing for Enrollment in the DPT program

Nicole Willhide – Rm 115 Director of Student Services nwillhide@som.umaryland.edu	Jeff Hawk – Rm 205A Director, Instructional Technology jhawk@som.umaryland.edu
Joyce Johnson – Rm 115 Academic Program Specialist jjohnson@som.umaryland.edu	Angel Chavez – Rm 205A Senior Instructional Technology Specialist achavez@som.umaryland.edu
Aynsley Hamel – Rm 115 Academic Services Specialist ahamel@som.umaryland.edu	Dylan Dunne – Rm 115 Clinical Education Assistant ddunne@som.umaryland.edu

UNIVERSITY of MARYLAND

Basic Sciences I – 9 credits

- Provides a study of the morphology of the human body including the macro-anatomy (gross anatomy), microanatomy (histology) of the basic tissues, and provides an introduction into the mechanisms of diseases.
- Includes the study of the bones, ligaments, muscles, nerves, blood vessels, and their associated organs.
- Emphasis placed on the musculoskeletal and neuromuscular systems.
- Formal lectures, laboratory experiences (including cadaver dissections, observation of radiographs, and microscopy sessions) are supplemented by required reading, CD-ROM material and web-based resources.

[Dr. Vinnie Conroy, Assistant Professor](#)

UNIVERSITY of MARYLAND

Professional Issues I – 3 credits

- Focuses on the orientation of the student to the Department of Physical Therapy and the American Physical Therapy Association policies and procedures.
- Designed to insure student compliance with all departmental, university, and professional regulations and guidelines for conduct.
- Lectures, discussions of the Maryland Physical Therapy Practice Act and self-directed exercises on the Guide to Physical Therapy Practice will provide the opportunity for the student to examine the ethical and professional issues surrounding physical therapy practice and conduct as a student in this program.
- Extemporaneous speaking and computer laboratory sessions with PowerPoint software to prepare to give professional presentations that can contribute to the body of physical therapy knowledge.

[Dr. Linda Horn, Director of Academic Affairs](#)

Now that you have accepted our offer...

DPT Student Handbook

<http://pt.umaryland.edu/Other/Doctor-of-Physical-Therapy-Student-Handbook/>

Each DPT student will affirm in writing their acknowledgement of the following by **June 1st**:

- I affirm I have received notification of the location of the PTRS DPT Student Handbook
- I affirm I have read and understand the content contained within the PTRS DPT Student Handbook including the section on potential hazards.
- I affirm I have had the opportunity to ask questions/clarifications regarding the content contained within the PTRS DPT Student Handbook
- I affirm that I will abide by the policies/procedures contained within the PTRS DPT Student Handbook

UNIVERSITY of MARYLAND
SCHOOL OF MEDICINE

Physical Therapy and
Rehabilitation Science

Now that you have accepted our offer...

- **Read the Essential Requirements for Admission, Advancement and Graduation**

<http://pt.umaryland.edu/Other/Doctor-of-Physical-Therapy-Student-Handbook/#essential>

- The Department of Physical Therapy and Rehabilitation Science at the University of Maryland School of Medicine administers a rigorous program in preparation for a physical therapy career.
- The demands placed on the student during their time in the curriculum correspond to the expectations of entry-level physical therapists. These demands encompass the following areas: observational, communicative, psychomotor, cognitive and affective behavioral skills.

UNIVERSITY of MARYLAND

Rehabilitation Science

Now that you have accepted our offer...

Students with accommodations

- As per UMSOM policy, “any student who is not yet a matriculant must make requests for accommodation of disabilities within one week after accepting admission to the Department. Any matriculating student who becomes aware of a disability requiring accommodation, or of need for accommodation of a previously known disability, must request the accommodation as soon as the need for accommodation has been identified.”
<http://www.medschool.umaryland.edu/osa/handbook/>
- Please contact the **Office of Educational Support and Disability Services** (prior to enrolling) <http://www.umaryland.edu/disabilityservices/>
 - Deborah Levi – Director, Office of Educational Support and Disability Services
 - SMC Campus Center
621 W. Lombard Street, Room 317
Baltimore, MD 21201
410-706-5889 - dlevi@umaryland.edu
- Disability Disclosure and Reasonable Accommodations Form:

Rehabilitation Science

GI Bill Benefits

- Apply for your benefits via this website
<http://www.benefits.va.gov/gibill/apply.asp>
- Submit the **“Certificate of Eligibility” form**
 - Direct all questions regarding use of GI Bill Benefits to: Joyce Johnson –
jjohnson@som.umaryland.edu
 - The University of Maryland, Baltimore does not participate in the Yellow Ribbon Program.

REQUIRED DEVICE

- The Department of Physical Therapy & Rehabilitation Science (PTRS) requires all incoming DPT Program students to purchase the device that the department specifies for their particular cohort.
- The device (Dell laptop) has been approved as a fee for the incoming Class of 2021.
- The projected cost of the device is approximately \$1,500 which includes a 4 year warranty with on-site next business day service.
- **There is no negotiation on using another device or exceptions to this policy. Students are financially responsible for the cost of the required device as soon as they matriculate into the DPT Program.**
- **This fee will appear on your tuition bill from Student Accounts.**

CPR CERTIFICATION

- CPR certification must include infant, child and adult resuscitation.
- Courses delivered solely via a web-based format are not acceptable.
- “Blended” format courses are acceptable: on-line instruction and in-person skills practice and testing. **Certifications must be valid on the first day of class and must remain active throughout your enrollment in the DPT program.** Students are required to provide documentation of their current CPR certification.
- The following are considered acceptable CPR certification programs:
Basic Life Support for Healthcare Providers and Advanced Cardiovascular Life Support:

http://cpr.heart.org/AHA/ECC/CPRECC/Training/HealthcareProfessional/UCM_473185_Healthcare-Professional.jsp

SCHOOL OF MEDICINE

Physical Therapy and
Rehabilitation Science

CLINICAL EDUCATION

- Curriculum aims to cultivate graduates that are generalists in the field who are able to restore physical function and performance, prevent physical injury and disease, promote wellness, and advance rehabilitation science.
- Clinical education will occur in clinically and geographically diverse settings to afford the student opportunities to experience an interdisciplinary team approach within inpatient medically-complex, elective rehabilitation specialty, and outpatient community-based settings.
- Throughout the clinical education curriculum, the student must assume many roles and corresponding responsibilities.
- Clinical Education Handbook: <http://pt.umaryland.edu/Clinical-Education/PTRS-DPT-Clinical-Education-Handbook/>

STUDENT HEALTH INSURANCE

- University policy requires that all full time students carry health insurance.
- If you have neither enrolled nor filed a waiver by the deadline, you will be automatically enrolled for individual coverage and charged accordingly on your tuition bill.
- Please refer to www.gallagherstudent.com/umb for the enrollment or waiving process:
 - Coverage for the Summer Semester – please contact Student Accounting 410-706-2930
 - Coverage for the Fall Semester is August 1-January 31
 - Coverage for the Spring Semester is February 1-July 31
- Eligibility for each semester is contingent on enrollment in classes for that semester.

UNIVERSITY of MARYLAND
SCHOOL OF MEDICINE

Physical Therapy and
Rehabilitation Science

WAIVING STUDENT HEALTH INSURANCE

- Students who do not wish to retain the UMB Student Health Insurance Plan must file a waiver each academic year to have the charge removed from their tuition bill.
- **One waiver is required each academic year without exception.**
- **To waive your UMB student health insurance plan visit:**
<https://www.gallagherstudent.com/students/student-home.php?idField=1356>
- If you have any questions, please contact Gallagher Student Health & Special Risk toll free at 1-844-288-4916 or through online LiveChat, by visiting www.gallagherstudent.com/umb.

REGISTRATION & UMB ONE CARD

- All students will be registered for summer, by the Director of Student Services, beginning April 1

ONCE YOU ARE REGISTERED (DPT students will be registered by the Director of Student Services), you are **REQUIRED**, as soon as possible, to complete the form on the link below in order to obtain your Student ID Card.

- Please follow detailed instructions on the link and attach “appropriate” photo. You will first receive an email indicating that your photo has been received. Then once your ID card has been made, you will receive a second e-mail indicating that you may pick up your ID card at the One Card Office prior to, during, or after Orientation Day.

<http://www.umaryland.edu/onecard/how-to-get-your-one-card/student-id-online-photo-submission/>

- Please remember you **MUST BE REGISTERED** in order for your ID to be made.
- Once you pick up your ID, you will need to email Joyce Johnson jjohnson@som.umaryland.edu a copy of the front and back of your ID (take a picture with your phone and email photos to Joyce). **THIS MUST BE DONE BY FRIDAY, JUNE 1, 2018.**

You will be required to present a government issued photo ID in order to verify your identity. The One Card Office is located in the SMC Campus Center Building, 621 W. Lombard Street, Lower Level, Room 004.

Mark Your Calendars

New Student Orientation

Attendance is mandatory and is a 2-day event

Tuesday, May 29 AND Wednesday, May 30

8:00 am – 5:00 pm

Tuesday, May 29

- Participate in a ropes-and-initiative course at the Outdoor Education Center on the campus of one of the University System of Maryland schools. This activity is designed to allow barriers to quickly breakdown, to get to know fellow classmates, build self-esteem and develop group cohesion.

Wednesday, May 30

- Finalize all details needed to begin studies in the DPT program. Along with the technology aspect, setting up your email account, receive a PT kit (includes backpack, polo shirt and essential tools), anatomy study guide and muscle cards (separate cost associated with both items), have the ability to purchase a parking permit, visit financial aid or the student accounting office and prepare for the challenges of PT school!

For the rest of the 2018 calendar year, please frequent:
